

Welcome to the work in progress community wiki for <https://slrpnk.net>

For technical documentation of the SLRPNK Lemmy instance please visit the [hosted projects wiki on F-hub.org](#).

You can use your SLRPNK Lemmy account to log into this wiki, and community moderators get automatic editing rights to a Wiki namespace with the same name as the community they are moderating. So for example if you moderate /c/solarpunk the start-page of that wiki is "solarpunk:start" and linked like this: [solarpunk](#)

A quickstart tutorial can be found here: [tutorial](#)

To see an overview of all currently added namespaces visit the [sitemap of this wiki](#).
